SUN BEAMS

By WALTER M. BARRETT

This "unusual" weather may be fine for the country in general, but it gets tiresome. Just when we were reveling in some good old summer time atmosphere, Mother Nature, in one of her queer pranks, brought on torrential rains, adding discomfort for tourists and vacationists. However the forecast is for more good summer weather ad we can only add our hope that is right.

Our hat is off this week to Irving Astemann, airway employe, who last Sunday swam the full distance of Donner Lake in order to save the large crowd, which had gathered to see another swimmer make the try from disappointment.

Last week we pointed out the urgent necessity for immediate funds to assist in raising fish for planting in the Truckee River. Since that time, we understand, nothing has been done to raise the money. One thing is certain and that is that if no money is raised here, no fish can be fed. The San Francisco Fly-casting club stands ready and willing to meet half the cost, but announces it wil lwait until the first of the month for Truckee's share before informing the fish and game commission whether the fish can be accepted or not. The fry are now in the Tallac Hatchery awaiting that decision and it is high time we made our decision. The matter can wait very little longer and no one should be more interested than Truckee residents and businessmen.

The Truckee Work Relief Administration is working out swell, according to the administrators. Foreman Frank Powell reports that as high as eight and ten willing workers have been on the job at one time and director C. Edmunds says that the work is progressing well and that many deserving men are being cared for without begging.

Two Injured When Car Strikes Horse On Tahoe Road

Horse Killed by Officer In Mishap On Tuesday Morning

Edward Drake, Jr., 23, of Burlingame, driving a car registered in the name of his mother, Mrs. E. G. Drake, 2316 Poppy Drive, shortly after midnight on Tuesday morning, struck a hobbled horse on the highway near Sunnyside Beach, Lake Tahoe.

The accident wrecked the car and driver and Miss Muriel Willis, 24, of Stockton, were injured. They were rushed to the home of Dr. C. B. Pedersen who treated Drake for serious back injuries and lacerations and Miss Wilis for bruises and cuts about the face and eyes.

The horse, one of a group of six which wandered away from the Blackwood Creek sheep camp, was so badly injured it was shot by State Patrolman Gene Walker, who was called to investigate.

Alpine County Still Has Big Republican Majority

Alpine County, the smallest county in the state, is the only county in the sixth assembly district which shows a majority registration in the Republican party for the coming August primary election. This is according to Allen G. (Scoop) Thurman, Calfax editor and candidate for assemblyman from this district. There are a total of 210 voters in Alpine county, 142 being Republicans, 65 Democrats, one Socialist and two non-partisan. In 1870 the county had a population of approximately 15,000 persons, and the county seat was an incorporated city of 5,000. The demonetization of silver in 1873 started the decline in the population of the county.

Thurman was in Truckee for a brief time on his way home Monday. he expects to be here within a few days to visit the voters of this area.

Nevada County Votes To Join Association At Weimar Sanitorium

The Nevada County board of supervisors voted to enroll as a member county of the Weimar Joint Sanitorium Association last week at a cost of $12,000 to be paid in three annual installments.

The cost of maintaining the sanitorium is shared by a number of northern California counties.

Efforts Made To Save Buildings At Hobart Mills

Once Thriving Town Sold To Los Angeles Firm For Wrecking

ASK TOWN BE SAVED

Hobart Estate Sells Buildings On Land To End Old Town

Hobart Mills, for 40 years one of the most active and industrious little lumbering towns in the state, will be deprived even of its right to join the ranks of California ghost towns, if plans of the Los Angeles Iron and Steel Company, which recently purchased the remains of the town from the Hobart Estate Company are carried out.

Plans are being made by the new owners to wreck the buildings, remove the railroad and salvage all worthwhile materials and junk, it was announced by Harry Landsberg, resident manager of the company at Hobart.

There remains one possibility which might save the town. At the last meeting of the Truckee Chamber of Commerce it was decided to write to government officials and managers of the Los Angeles firm, asking that steps be taken to save the good building for use as a trascient or CCC headquarters or for reforestation head quarters.

The mills at Hobart Mills were shut down in 1936 when the timber supply was exhausted. Before that time more than 580 men were employed there and the town was active civicly and socially.

The equipment purchased by the southern California concern includes more than 50 homes, rooming houses, hotel, club rooms, mills, 12 miles of railroad steel, seven locomotives, including old No. 5 built in 1875 for the narrow gauge tracks and many other structures and machinery.

The purchase price was not told.

Not the least of its traditions in its 40 years of work is the fact that the mills never lost a day's work because of labor troubles. Exemplifying the tradition was the story of an old teamster who worked there many years ago. He said: "Only one man ever failed to come back to Hobart Mills and he was drowned in Prosser Creek, trying to get back."

MANY UNEMPLOYMENT CHECKS ISSUED IN COUNTY THIS YEAR

In June 1938 271,343 unemployment compensation checks were distributed in the state to the amount of $2,558,077.32. Between January 1 and July 1 1,035,928 checks were issued totaling $9,890,497.61. These figures were released by Carl L. Hyde, executixe secretary of the Department of Employment.

A careful survey of the checks revealed that the vast majority of them are cashed at banks and groceries, indicating that the money is being used for the necessities of life, Hyde said.

The Nevada County office of the department in Grass Valley issued 802 checks for $9,514.07 in June as compared with 3,408 checks for $40,649.95 for the January to July period.

Woodland Man Buys Homewood Resort; Price Was $35,000

Extensive Improvements Are Planned By Owner Next Year

Homewood resort at Lake Tahoe has been purchased by C. Don Huff, Woodland livestock raiser, from Mrs. Annie Yost, according to an announcement from Woodland.

The purchase price was understood to be approximately $35,000.

Huff is planning to make extensive improvements in the property next year. Until that time Mrs. Yost will remain in charge when the new owner will take over the active management.

MAN HELD HERE FOR INVESTIGATION IN MATSON KIDNAPING

A man giving the name of Herman DeVall, 28, who claims he came from Omaha, is being held in the city jail facing charges involving a 15 year old boy, who looks much younger, who was taken off a freight train here by Deputy Sheriff N. F. Dolley and State Patrolman Gene Walker.

DeVall answered so near the descripion of the long sought Matson kidnap suspect, Sergeant C. E. McKeen delclared, that he is being held pending word form FBI men who are expected here late today.

DeVall was arrested after a secret service man on the train notified the local officers. The latter's name is being withheld.

CREW RUSHING JOB ON BOCA DAMSITE

One hundred and ten men are said to be employed at present at the Boca dam site to speed construction of the upstream storage reservoir. Pouring of concrete for the spillway intake, spillway chute and the dam cutoff wall is progressing.

Stripping of the dam area and excavation for cutoff walls in preparation for placing the embankment to form the main structure of the dam is already being completed.

Swimmer Surprises Audience, Self, In Swimming Lake

Scheduled Athlete Fails To Make Swim, But Pacer Finishes

Entering the water only for the purpose of pacing the contender for "a little way", Irving Astemann, 24 year old employe at the Summit airways station, Sunday surprised the large audience and even himself by making the Donner Lake swim from the camp to the east end, a distance of three miles, in one hour 56 minutes and 50 seconds to beat the time of Dr. Walter E. Anderson of Monterey, who made the swim on August 3, 1921, in two hours, 11 minutes and 59 seconds.

Although Miss Barbara Gordon of Auburn claims to have made the same swim three years ago in one hour and 47 minutes, W. B. Gelatt, manager of the Donner Lake company at the resort, said no record of the event has been kept.

Earl Roger Jackson of Sacramento, the contender, started the swim, but was forced to get in the boat after 52 minutes in the icy water when he swallowed too much water. Astemann, who swam easily far ahead of the boat, looked back and seeing Jackson aboard decided to continue alone so as not to disappoint the crowd.

"When someone beats that mark," Astemann said, after taking on a big drink of water at the end of the grueling two hours, "just let me know and I'll swim it again. I'm sure I can beat that time several minutes."

Astemann, an unassuming young man, was lounging on the beach as Jackson, greased from head to foot, arrived to start. Astemann decided to accompany him part way to keep him company and set a pace.

"It was as much a surprise to me as anyone," Astemann said. "I had no idea of making the swim, but planned to go only until I tired and then drop out."

Astemann said it was the first time he had ever swam in cold water or in the higher altitude. Last summer he swam with the coast guard team at Oceanside and before that was in the navy. Originally from Massachusetts, the record breaker has been at the summit for two months.

While the crowds on the beach awaited the return of Jackson, the man who finished the swim lay on the beach in the sun, relaxing before returning to work that night at the station.

SKI INSTRUCTOR RESCUES CLIMBER

Hannes Schroll, world famous ski instructor at Yosemite, Monday rescued Orlin Koehn, 19, of Winton, California, from a small ledge on a cliff 1200 feet straight up from the floor of the valley.

Schroll began the sheer ascent to aid the youth as forest rangers began to go up the regular trail, hoping to aid him by lines from the top of the cliff.

200 visitors, watching from safer places, gasped when the ski artist lost his grip and slid fifty feet down the smooth granite only to check his fall by catchng hold of an extended root. He made the rest of the climb without mishap and guided he frightened lad to safety.

Tahoe Man Buys $80,000 Plane to Travel from Bay

To commute between his bay region estate and his summer mansion on Lake Tahoe, Captain George Whittell, famod flying capitalist, is adding an $80,000 amphibian plane to his aerial stable at the Bay Airdrome in Oakland, according to a press dispatch from the bay city.

Flagship of the captain's sky fleet, which he uses to whisk his house guests about the country, is a $100,000 twin-motored air liner, now in the home hangar, to be tuned for a long flight, probably to Florida.

Prior to his purchase of the $100,000 plane a year and a half ago, Whittell used to charter a liner to take his guests into the sky. One ride lasted a month; cost $7000 for the plane alone.

Captain Whittell has his order in for a $400,000 four-motored plane, patterned after giants now being constructed for the air lines.

Summer Storm In This Regions Adds .87 Inch Of Rain

Lightning Hits Resort House At Lake; Man Hurt Fighting Fire

The mid-summer torrential rain on Tuesday, accompanied by a beautiful electrical display, deposited .86 of an inch of precipitation in Truckee and some surrounding communities reported greater amounts.

Two fires were started west of Verdi and forest service men and recruits were hard pressed to bring them under control.

Oswald Schmidt, Floriston, one of the fire fighters, suffered a painfully burned leg and head injuries when a stump fell on him, knocking him into the hot ashes.

At Tahoe, the lake rose .07 of an inch in24 hours and the reading on Wednesday morning was 6228.92 feet above sea level.

Lightning struck the helps' dormatory at Richardson's Camp on Lake Tahoe, went through the building and set a bed afire, causing considerable fright but no material damage.

The storm started about noon and continued until dark on Tuesday night.

Porter is employed at the Truckee-Tahoe Lumber Company.

GOV. KIRMAN MIGHT MOVE TO CALIFORNIA

Nevada's Governor Richard Kirman announced this week that he would ignore the petitions seeking to draft him for a second term and remain out of the election contests. Rumor has it that Kirman will leave Nevada, which he made famous as the one sound state, to make his future home in California.

Negro Charged With Assault As Man Is Stabbed

Youth Held In Nevada City For Trial As Victim Improves

CAUSES EXCITEMENT

Accused Boy Claims Youth, Ignoracne, To Blame For Action

While James Graves, 34, Truckee workman, recovers from four knife wounds in his body and right arm, John Johnson, 15 year old negro of Eugene, Oregon ,is in the county jail at Nevada City, facing charges of assault with a deadly weapon with intent to do great bodily injury.

Graves, known to his associates as "Tennessee", was seriously wounded last Saturday evening on the main street when following words with the negro, the latter pulled a razor sharp knife from his pocket and lunged at Graves. The latter stepped back to avoid the attack, witnesses said, and stumbled. As he did, the negro was upon him, slashing with the knife.

Two wounds were dressed in the man's back and two in the arm. He suffered principally from the loss of blood.

The negro fled as soon as Graves fell and at least 100 men chased him down the street and up the hill back of the Mattos Beverage Company. He was caught and turned over to Constable William Bottcher, who locked him in jail.

Gathering crowds and hints of violence led officers to take the accused boy to Nevada City for safe keeping.

Johnson had been in Truckee less than a week and had been ordered to be out of town by Saturday. He was accused by local workmen of having accomplished petty thefts and his trouble with Graves started with an argument over the possession of a blanket. Graves, a bystander, was not involved in the discussion until the negro had pulled the knife, witnesses declared.

In the jail here Johnson said he was "only a 15 year old boy, tryin' to make a livin' but I ain't got sense enough." He said he was raised by a "white man" in Eugene and had been bumming for about two months.

"I'm bummin' around the country on freight trains and I had the knife for protection," he said when asked about possession of the weapon.

During the chase, the knife disappeared.

Graves has been in Truckee for about two years and has been employed at Boca Dam.

WALTER MacDONALD WEDS SACRAMENTO GIRL AT CEREMONY

At a simple ceremony performed by Judge Eathers in Reno last Saturday, Miss Delia Ella Riggs of Sacramento became the bride of Malcolm Walter McDonald, well known Truckee young man and an employe of the Truckee-Tahoe Lumber Company. Only close friends and immediate relatives attended.

Mrs. MacDonald is a graduate of the Sacramento high school and the junior college of that city. The marriage culminates a courtship of over two years.

MacDonald, who came here from San Francisco five years ago, is an active member of the fire department and is favorably known throughout the district.

Following a short honeymoon in San Francisco, the couple will return to make their home in Truckee

ATTACK ON DEPARTMENT

Although members of the California State Automobile Association claim they are not interested in the suggested abandonment of the state border checking stations, recent editorial in the publication of the association would, to a person unfamiliar with the setup, indicate the group is still after the stations' scalp.

In its attempt to show that the department is squandering public money, the editorial says in part: . . . and it has continued to maintain border stations where visiting motor tourists are harassed."

The editorial calls attention to a number of other things which the department has in mind for promoting safer and saner driving, like compulsory mechanical inspection and fingerprinting of drivers. These items are branded as unnecessary and expensive. They may be. But one thing is certain. We have too many law violators on the highways and we believe the department is doing fine work in trying to curb traffic accidents. If the association has better ideas they will be deserving of support. Until that time we hope sincerely that the visiting motorists will not mind too much their enforced stop at he border, so a least part of the undesirables filtering into the state may be stopped.

OUR SCHOOL BUDGETS

On this page today are the proposed budgets offered by the governing boards of the two school districts in Truckee.

Dates are announced for public hearings at which time anyone may appear and protest any item therein. We believe the budget have been slashed to a minimum, but there may be cause for complaint. It will do no harm to scan the budets and pass your approval. It is your money being spent and you certainly should have a voice in how and where it is distributed. If the budgets meet with your approval, they will be passed and go into effect.

Tahoe . . . . Ramblings . .

(By SWANEE)

Mrs. Stella Watson must remain at least another week in the Reno hospital where she was operated on some weeks ago, according to latest reports Asiege of tonsilitis retarded her constant improvement last week.

The Ben Stanleys of Tahoe have been entertaining relatives over the past few weeks, including Stanley's brohtre Matt, His wife and two sons of Albany who planned a stay at Meek's Bay before leaving for home. His sister, Mrs. Mamie Locker of Oakland is remaining all summer.

Mrs. Harry Wallach of San Francisco has taken the Chris Nielsen house on the lakeshore for the summer.

James Lyden is recuperating rapily in his Tahoe Inn cabin and belivieved well on the road to complete recovery. His many friends visit frequently and report him cheerfully convalescing.

The benefit dance on Saturday held in the local community hall by the Community Center Club netted about $10 after all expenses had been paid. A fine crowd attended and reported a good time. Present plans call for the staging of another dance in the near future by the younger members of the community. Lee Arthur's trio furnished the music.

Thebridge party held last Thursday by the Tahoe Community Center Club netted approximately $24 according to Mrs. George Bliss, secretary. A fund was created at this party to raise money for purchasing drapes for the community hall. Two elicious cakes were donated by Mrs. Lora Knight for the occasion, were raffled and brought $5.15 for the fund.

A party on Tuesday, July 26 was held by club members of the summer colony, Mrs. Edward Solinsky, Mrs. Bert Swartz, Mrs. Henry Droste and Mrs. A. P. Crist to serve as hostesses for the occasion.

On Thursday, July 28, the Tahoe Women's Club will hold their next card party, a dessert bridge, in community hall, Mrs. J. Charles Harris serving as general chairman of the committee in charge.

Tahoe's lake level continues to edge upward, the mark on Monday morning standing at 6228.85. W. A. Simmonds, local gatetender believes the crest will be reached this week and will not go much higher. Approximately 150 second feet are going through the gates at this writing, an increase over last week, but not volumn enough o affect the lake level.

Mrs. George Walker of Truckee River celebrated her birthday last Tuesday by enjoying a picnic on the Little Truckee with a party of friends

TAHOE SCHOOL GETS NEW GMC MOTORBUS FOR TRANSPORTATION

TAHOE CITY, July 28—School bells will again ring out for Tahoe children on Monday, August 1, according to instructor Mrs. Bliss Hinkle.

A real treat is in store for the students, old and new, this term in the form of a new, 36 passenger, GMC school bus, which has alredy been purchased by the local trustees. It is scheuled to arrive here not later than Saturday. The bus will be paid for out of the new apportionment allotted to this district at the rate of $1,000 a year and will add nothing to the local tax rate . Cost of operation will be defrayed by the disrict as well as the blanket insurance which covers all children riding as passengers. The Placer Union high school board will assist materially in the project by paying so much per head for each high school pupil receiving transportation. This fund will go toward buying gas and oil and will eliminate the necessity of providing seperate transportation for the older students.

Mrs. Stella Watson whose bid was approved by the trustees for the coming term will be permitted to have an assistnat drive for her until such time as she is again able to operate the bus.

A residue of $200 was left from last season's apportionment, so the trustees, now able to retain such sums as are left over at the end of the budget term, according to a new ruling, are having the school grounds cleared of rocks, leveled and beautified.

N. R. Mayfield, local contractor who was awarded the school contract, has already started work on the new classroom addition which will cost in the neighborhood of $6000 and will be about the size of the present elementary classroom.

TAHOE BRANCH OF COUNTY LIBRARY IS FIFTH IN LENDING

TAHOE CITY, July 28—The annual 1937-38 report of hte Placer County library just made public by librarian Faye L. Russell, shows Tahoe fifth in the group of ten prominent Placer county towns boasting branch libraries. Auburn leads the book-minded interest with a total of 8,114 fiction, nonfiction and juvenile books loaned; Colfax second with 7,804; Newcastle third with 5,970; Loomis fourth 4,605 and Tahoe fifth with 3,830. A total of 4,706 books are now owned by the Placer County Library, according to latest compilation. Tahoe's new library located conveniently in the Community building, Tahoe City, is proving a most enjoyable asset to summer vacationists who visit it frequently. Mrs. Russell recently voiced her approval of the new quaters by generously donating rust colored drapes and poles for the reading room. Her records show she traveled a total of 2,534 miles during the past year, making 115 visits to branch libraries such as Tahoe's.

EUGENE RE LOSES USE OF EYES IN ACCIDENT

TAHOE CITY, July 28—Reports from the bedside of Eugene Re, local stone contractor of Rampart Station, are dire indeed. One eye was removed a week ago and on last Thursday he lost the sight of the other one. His father and family are at his side. Re was the victim of a tragic accident in which shattered glass struck him full in the face, the resultant loss of sight its aftermath. Eye specialists are making feverish efforts to save one eye, although chances appear slim at this writing. The Sun and the entire community extends sincere sympathy.

SPEED BOATS WILL RACE AT CHAMBERS LODGE ON AUGUST 7

CHAMBER'S LODGE, July 28- August 7 has been set for the date of the next boat race regatta to be held by the Tahoe Power Boat Club at Chamer's Lodge pier. Devotees of the sport are praying for good weather and a continuation of the renewed enthusiasm evidenced here this season. It is being hoped that some of the fast boats, new on the lake this season, may be seen in the competition.

Interest is centersed on the announcement that Louis Fageol's 800 h. p. racer "So Long" will again vie for Tahoe's speed supremacy wih Robert Dollar's sleek, silver 600 h. p. "Mercury." At the Tavern races on 10th of this month, those twe entries furnished the crowd with the biggest thrill of the day when Fageol crossed the finish line slightly less than three seconds behind Dollar who copped the Lake Tahoe championship free-for-all in 8 minutes, 16.5 seconds in five laps over a course of about 3 miles. Fageol's time was 8 minutes and 19 seconds. A close race is anticipated again on the 7th when those two speed demons hit the waterways. Names of the other entrants will appear in next week's Sierra Sun.

MAN SENT TO JAIL ON ASSAULT CHARGE

TAHOE CITY, July 28—Trial of Roy Andrus, operator of the Lorraine Lumber Co. plant near Brockway, on charges of assault and battery, was held on Monday before Judge George Bliss of Tahoe City, after having been postponed since July11. On that date Andrus was arrested by Constable Harry Johanson on a charge sworn to by Andrus' former wife, a professional nurse using the name of May Smith in Reno. She claimed Andrus knocked her down. He was found guilty and sentenced to 60 days in the Auburn county jail, with the alternative of paying a $100 fine. Being without funds, Constable Johanson took the prisoner to Auburn on Monday night to begin his sentence.

Postponement of the trial was ordered by Judge Bliss when Andrus and a companion J. R. Welch were involved in an automobile accident on the Mt. Rose road the same day the warrant was issued, while returning to Reno. Both were forced to seek hospitalization because of serious injuries.

Next Friday Andrus and Jack Waldron appear for a hearing before Mr. Bliss, the former charging the latter with assault and batery. The complaint arose from a quarrel which started when Andrus was repored by wit- of his former wife at Brockway and nesses to have appeared at the home threatened her with a large club. Wal dron came to the woman's assistance, took thecl ub away and administered a severe beating to Andrus.

TAHOE VISITOR HAS INFANT FOX FOR PET

TAHOE CITY, July 28—Sixteei year old Virginia Smith of Porterville, the daughter of Mr. and Mrs. Harvey Smith, is a guest at the home of the J. C. Valentines. She is in possession of a most unusual pet which was captured six weeks ago near Folsom by on of Bob Skates' cowboys. Returning to Tahoe with the baby swift fox that had wandered too far from mother and home, the little fellow was given to Virginia. When she isn't playing with him she keeps him in a crate because he is all too eager to leave for other fields. He is quite tame and playful and enjoys being cuddled and petted like a kitten. Virginia has tenatively named her pet "Gus" a contraction of "Asparagus", she says, a delicacy of which he is quite fond.

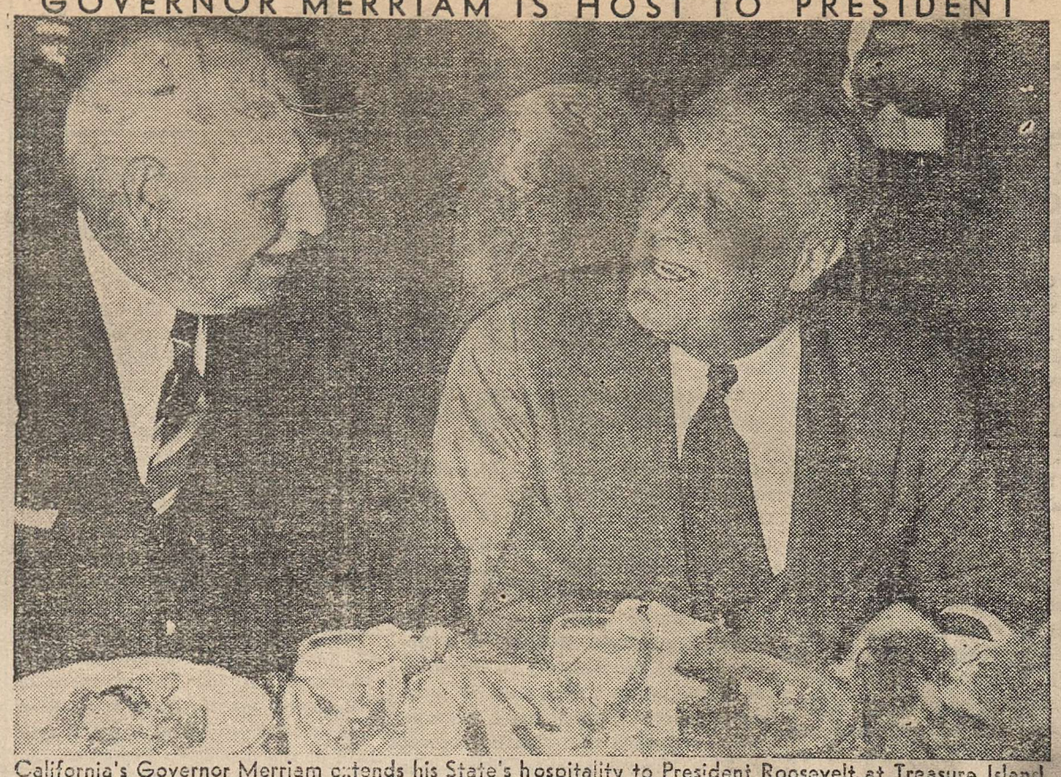
"BEAT MERRIAM" IS COMMUNISTS' SLOGAN

California is facing a paradoxical situation whereby conceivably this year's election can be decided by the vote of the refugees from the Mid-West drought area. More than 221,000 of those farm workers have entered the state in the past thirty months, according to the U. S. Farm Placement Bureau. A large proportion have been here long enough to establish residence.

Communists have been actively engaged in missionary work among the migrants according to reliable reports reaching Merriam headquarters in San Francisco. Contrary to the usual practice, a statement from the headquarters says, the Communists are not seeking support for their own party candidates but rather are urging the defeat of Governor Frank F. Merriam. Literature, circulated thru the valleys from the radical organization in San Francisco, attempts to brand the state's chief executive as a "corporation tool" and each circular carries the slogan 'Beat Merriam.' He is stamped as Communism's No. 1 enemy.

GOVERNOR MERRIAM IS HOST TO PRESIDENT



California's Governor Merriam extends his State's hospitality to President Roosevelt at Treasure Island.

Opposes Jordan

Marye Shannon Harrington is seeking the Democratic nomination for Secretary of State at the primary election.. Four states already have women in this important post but there is little doubt that the veteran Frank Jordan will be successful in his effort to succeed himself to the office.

HALL WOULD HIRE HALL FOR McADOO

Another developement in the Democratic seatorial situation came this week when Pierson M. Hall, chairman of Sheridan Downey's campaign in Southern California, sent an open letter to Senator William Gibbs McAdoo offering to hire a hall and pay all expenses, if McAdoo would appear at a public meeting and give a report of his "public and private activities." Hall said he would throw in "three free meals" if the senator would come from his Santa Barbara retreat for such a meeting.

YOUTH HOSTELS IN CALIFORNIA START WITH EXPERIMENT

..SACRAMENTO, July 23—(UP)—Alredy well-established in 20 nations and in the eastern part of the United States, the Youth Hostel movement has spread to California.

A chain of six hostels has been established for experimental purposes on the back roads of the Santa Cruz mountains. Holders of American Youth Hostel passees already are using them as they hike or cycle through the state.

The hostels, under strict supervision of "houst parents," ofefr sleeping quarters for 25 cents a night. Cooking facilities are also provided.

The hostel movement, which has established 4000 such stopping-over havens, stemmed from the Wandervogel of post-war Germany.

1809 SIGNATURES ON ELECTION PROPOSAL OBTAINED IN COUNTY

Officers of the Highway Patrol in Nevada County filed a sheaf of initative constitutional amendment petitions with the county clerk last week. The action is being taken throughout the state by the patrol. Capt. J. E. Blake of the Nevada county unit said that of over 300,000 signatures secured over the state, 1809 were secured in this county, Making it possible for a proposed amendment to the state constitution, sponsored by the California Association of Highway Patrolmen to appear on the ballot.

The proposition is to establish the California Highway Patrol as a seperate department in the state government, unded a non-salaried commission composed of the attorney general, the controller and the director of finance.

The officers insist that this measure will offer the public better and more effiecient service, and at a lower cost than under the proposition being sponsored by the Automobile Club of Southern California and the California State Automobile Association.

2000 More Democrats Than Republicans In This County

According to the latest figures available there are nearly 2,000 more Democrats in Nevada County than there are Republicans. This is according to incomplete registration figures released by hte county clerk's office. The actual count is as follows:

Democrats, 5433
Republicans, 3,447
Declined to state, 224
Prohibitionists, 9
Progressives, 3
Communists, 2
Socialists, 23
Townsendites, 105
Total, 9,245

According to Deputy County Clerk Ralph Deeble the completed compilation to well over 10,000.

TAHOE COURT NOTES

-California Political Review-

Politically Speaking

by John W. Dunlap
United Press Staff Correspondent

SACRAMENTO, July 28.— (UP)— Now that President Roosevelt has left our sunny shores in search of bigger and better fish in the South Pacific, perhaps the importance of his visit can be evaluated—particulary to those New Deal gentlemen seeking election via the President's magnetic smile.

There can be little doubt that U. S. Senator William Gibbs McAdoo was the fair-haired boy of Roosevelt's three days in California. McAdoo was in constant attendance as Roosevelt barnstormed the state. He was in aall the pictures. He sat on the presidents right at Treasure Island. He rode to San Diego with his attractive and young wife sitting beside the president.

And Mayor Shaw of Los Angeles could tell you that Shaw's anticipated seat in the president's car for the ride through Los Angeles was occupied soley by McAdoo.

Without fanfare or adjectives, the Chief Executive asked California Democrats to reelect the veteran McAdoo. The senator's opponents have attempted to minimize Roosevelt's endorsement but those in the Los Angeles crowd heard him say: "There was some question..about his running again for the senate. I hoped he would run again, and I might add, I hope he'll be elected."

About the only incident that might be construed as unfriendly to McAdoo was his lack of introduction on Treasure Island, although he was at the speaker's table next to the President. But that was forgotten when Roosevelt reached the City of Angels, McAdoo's home town, and turned on the full force of his New Deal smile.

As far as any help to the many candidates for governor was concerned, it was negligible. Roosevelt definitely played a hands-off tune in one of the most scrambled primary contests for many years.

A half dozen of the boys say they have only friendliness for the New Deal and all of them were buzzing around the train at one time or anohter. State Senator Culbert L. Olson, former U. S. Comptroller J. F. T. O'Conner and Congressman John Dockweiler were ushered through the special and had a few words with the President before he left for San Diego

It was generally felt that O'Conner needed something like a Roosevelt blessing to get him over the big hump for his name is none to well known out here in the west. His complete lack of attention from Roosevelt was music indeed to Olson and his friends The liberal senator is now believed to be the man to beat for the nomination.

Quite paradoxically, Republican Governor Frank F. Merriam got more attention from Roosevelt than any of his opponents. It was Merriam who met the presidential party at Crockett and rode in triumph through the north bay area and across the Golden Gate bridge into one of the greatest demonstrations in San Francisc's history while cheering for Roosevelt it was impossible for anyone to overlook Merriam on his left hand.

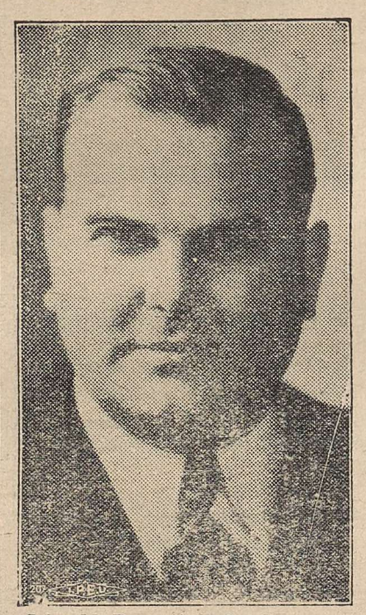
At the noon luncheon, Merriam shared the spotlights, the radio, the news photographers and speaking hon ors. In fact, he took several quips off his Democratic hosts and boomeranged them back with telling force. His years of public speaking were not in vain.

And Merriam was at the dock in Oakland when the U. S. S. Houston made the presidential review. Both chief executives made the most of their association for the day and Republicans snickered up their sleeves as the Democratic gubernatorial aspirants continued to be ignored as the President worked his way south thru the state.

Of this there can be no doubt—the President still has a wide following in California. Curiosity to see a President brought many crowds but take it from this correspondent who rode in the parade behind Mr. Roosevelt in San Francisco—there was plenty of enthusiasm in the shouting . And in the smaller towns around the fringe of the bay and even along the sparsely settled roads used by the parade, people lined up by the thousands. Per fect weather greeted the President and he was clever enaugh to capitalize on a fact that New Yorkers never forget — hold a parade during the noon hour and attract the hordes of office workers.

Now we wonder if Mr. Roosevelt will demonstrate that terribly trite fishing joke that has gone the rounds You know the one where he sounds off "My friends.." and 10,00 suckers jump out of the water.

Claims Record



John M. Burnett, D.,for lt. governor claims the longest record of partisanship in the field. Burnett's great-grandfather, Peter, joined the Democratic party 115 years ago in St. Louis. It was the same Peter Burnett who, in 1849 became the first American civil governor of California.

County Group Gives Thurman, Seawell Nod

The Nevada County Republican Cen tral committee made the following endorsements at the last regular meeting for the primary election: Frank F. Merriam, governor; J. L. Seawell, lieutenant governor; Harry L. Englebright, congressman; Earl Warren, attorney general; Charles Johnson, treasurer; Ray Riley or Phillip Bancroft, U.S. Senator; Frank Jordan, secretary of state; Harr B. Riley, con troller and Allen G. Thurman for the state assembly.

A. E. Snider, Publisher, Enters Race For Controller, Resigns From Organization Position

—CNPA Special Service—

A. E. Snider, publisher of The San Fernando Sun, has resigned as secretary-treasurer of the California Newspaper Publishers Association, to become a candidate for the office of State Controller at the August primaries.

Snider is serving his third term as financial officer of the newspaper organization whose constitution and by-laws specify: "No member holding any elective or appointve office under the State of California shall be eligible for the office of President or a member of the executive committee." The secretary-treasurer is a member of the executive committee.

Hatfield Will Carry 40 Counties At Least, Says Campaign Man

San Francisco, July 28—Prediction that lieutenant governor George J. Hatfield will carry at least 40 of California's 58 counties and will defeat Governor Merriam for the Republican nomination by a decisive majority was made here today by W. H. Woodfield, Jr., chairman of the Northern California Hatfield campaign committee.

The prediction is based on polls of disinterested groups and is corroborated by reports from Hatfield's county chairmen. A cross-section poll of 21 orthern counties shows: Hatfield, 1549; Merriam, 944. A poll sampling evry county in the state, gives Hatfield, 26,203; Merriam, 19,028.

Prohibition On Arizona Ballot

The Arizona Temperance Federation has obtained 22,879 signatures on a petition to secure a place on the November ballot for a new prohibition amendment to the state constitution. A similar measure failed to make the grade two years ago. Not one paid soliciter was used to get the signatures.

A SITUATION

San Francisco, with a final payment of $90,000 still due on its voting machines, finds them inadequate due to the length of the 1938 ballot. Paper ballots will be used instead.

Now that you are registered (we hope) don't fai to vote on August 30.

NORDEN

Norden, Calif.
July 28, 1938

To The Editor:

Thunder and lightning again visited this region last Tuesday afternoon depositing heavy rains for the greater part of the day while the lightning struck a large tree to the rear of several Norden homes between the main line of the Southern Pacific Company and the highway scattering bark and limbs to the four winds and endangering persons in the direct vicinity.

After enjoying their initial school vacation at Norden, Miss Lucretia Antonicelli and Miss Jane Thornton of Livermore have gone to the bay district for a week's business visit.

George Gangler of Sacramento was in Norden several days visiting with relatives and friends.

Several Norden folks were in Nevada City last Saturday evening on a lodge night.

Mrs. Dee W. Bowen is having as her house guests at Norden her mother Mrs. A. S. Hoeck and Mrs. L. M. Jessee and daughter all of Portland, Ore. who plan to visit indefinitely. Mrs. Jessee is Mrs. Bowen's sister.

Mrs. Nolan R. Marion is having her mother of Medford paying an indefinite visit at her home in Norden.

Mrs. Alice Boomer with her children and Mrs. C. W. Kramer and children paid Truckee a motor visit last Tuesday and did not enjoy the wet pavement.

The Chester Rowe family enjoyed a picnic at Lake Flora last Sunday.

Mrs. Kirby Sihull of Silver Lake was at Tunnel Six looking over her business interests rerently.

Relatives Visit—
Mrs. W. H. Laity's visitors this week were her sisters Mrs. Margaret Coombs of Littleriver and Mrs. Lizzie Laymar of Walnut Creek, and her nephew Wilson Laymar.
